## Plata collection

The simple beauty of marble and its silvery grey veining is the essence of this fundamental Plata collection. The tonal range and imagery found across colours are complementary and allows for mixing and matching in this series. This is a versatile collection because of its ability to easily pair with a wide variety of styles, looks and finishes.

### *Key highlights*

The collection offers a wide selection of formats and sizes. Featured in this collection are larger than average size formats, which are ideal for a variety of high traffic environments, including commercial interior and exterior installations.

## Colours at a glance

The classic beauty of marble in a neutral and brilliant colour palette of candid whites and silvery shades.

*The Anatolia difference*  
Unmatched elegance and unparalleled perfection.

Anatolia reinvents shapes and design compositions through refined colour palettes, innovative graphical refinements and creative reinterpretations of traditional, cultural and trend led inspirations. Meticulous care is taken to enhance a product's formation through graphical and technical improvements at every step of the development and execution process. This leads to the most exquisite and discerning tile collections.

*Technical Performance*  
Avant-garde design and attention to detail.

The goal of Anatolia's design department was to create the utmost elegant and sophisticated product, a perfect blend of functionality and style. New technical aspects, innovative shapes, and a new colour palette were designed to represent the vibrant and lively nature of metropolitan city life, inspired by its culture and history.
