x2

Wood/Anchor Screws

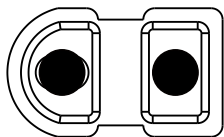

## TOOLS

The tools below are required to complete the installation. For additional information, check with your local hardware store on the requirements for your installation.

## TEMPLATE

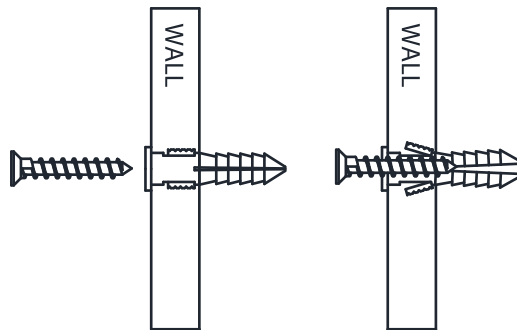

ACTUAL SIZE

**FACE THIS SIDE TOWARDS YOU**

## INSTALLATION

- 1 Position the template where you would like to mount the fixture.
- 2 Level the template, then attach it to the wall with masking tape.
- 3 Drill two 1/4" holes on each corresponding mounting plate location.
- 4 Remove the template from the wall.
- 5 Insert the plastic anchors into the hole until it is flush with the wall.

- 6 Install mounting plates onto the wall using the screws provided.
- 7 Install the fixture and tighten the hex screw.
