

KRONOTEX Advanced
High Performance German Laminate

KRONOTEX ADVANCED
BY SWISS KRONO GROUP

KRONOTEX Advanced laminate is an economic rugged floor with a new 1 strip décor. Its synchronised, embossed grain and the matt surface shimmer give it an authentic structure and create a warm, natural atmosphere. The V-groove (V4) contributes to the typical, representative floorboard look. And if you want, your Advanced floor can move around with you. It can be easily removed and re-installed somewhere else – even in small used commercial areas.

KRONOTEX ADVANCED Plus
BY SWISS KRONO GROUP

The KRONOTEX Advanced Plus Collection has all the advantages that the Advanced Collection has to offer. The natural country house character of real wood floors, thanks to the wood grain structure and the four-sided V-joint of the planks, but also the remarkable durability of the laminate flooring. In addition, the new Advanced Plus floors have been designed much wider than the Advanced Collection. With a width of 9 1/2", the panels of the Advanced Plus laminate flooring gives your home a cozy country house character.
