

# **PRESTG**

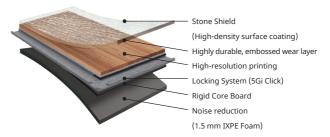

Plank 12 Colors

Tile 4 Colors

## ■ Product Configuration (SPC Gluedown)

### Features

Click	Gluedown	Customer Benefits			
•	•	Stone Shield - Exceptional anti-scratch performance			
•	•	No deformation from water			
•	•	TransferGuard - Reduces prep time and ensures smooth installation (no "telegraphing"			
•		5Gi Locking System - Shortens installation time and ensures flush joints			
•		Shortened installation time and maximized coherence by applying 5Gi Click structure			
•		Excellent stability and underfoot comfort thanks to IXPE foam layer			
•		Sound reduction by 21 dB (ISO 717-2:2013)			
•		Top-of-class sound reduction - IIC rating: 64 (ASTM E90)			
	•	Top-of-class sound reduction - IIC rating: 53 (ASTM E90)			

All specifications are subject to change without notice.

Application images are CGI renderings that are shown for illustration purpose only.

### ■ PRESTG - More Beautiful Than Nature

### CONTINUOUS EMBOSSED-IN REGISTER "C-EIR" TECHNOLOGY

HFLOR's exclusive Continuous Embossed-In-Register Technology enables the realistic expression of unique textures and patterns found in wood and stone and through HFLOR's random die-cut system repetition is reduced. Diverse color variations and rich patterns are conveyed through our "Big Size" design which is twice as large as conventional LVT flooring.

#### **DIVERSE COLOR RANGE**

Unlike conventional LVT flooring, PRESTG applies the color diversity found in natural materials to create a more luxurious and beautiful space.

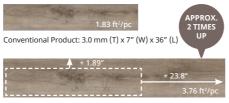

Conventional Product

PRESTG

### **BIG SIZE DESIGN**

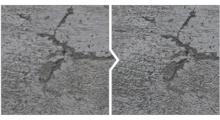

By approximately doubling the pattern size in comparison to conventional flooring, PRESTG is able to display large, beautiful wood visuals.

PRESTG (SPC Gluedown): 5.0 mm (T) x 9" (W) x 60" (L)

### HIGH-RESOLUTION PRINTING

Free from the limitations of conventional printing methods, high-resolution photo quality printing is applied to intricately showcase pattern details found in natural materials. With a resolution two times greater than the industry standard, amazingly realistic looks with unmatched clarity are achieved.

(High-resolution Printing)

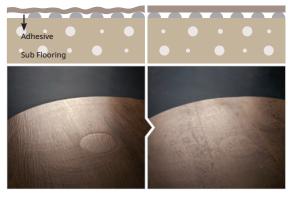

## ■ PRESTG - Timeless Durability

### TRANSFERGUARD (PREVENTS FLOOR TRANSFER)

Reduces preptime and ensures smooth installation (no "telegraphing").

[CASTOR CHAIR TEST] ISO 4918 198 lbs. castor chair test performed to check for flooring breaks and transfers.

Conventional Product: Tested for glue marks and tranfer after rotating 3,000 times (Tested by LX Hausys Research Center)

No transfers after rotating 25,000 times

#### **SMART & EFFICIENT INSTALLATION**

Easy Installation with 5Gi Locking System Shortens installation time and ensures flush joints.

### One-Day Installation

PRESTG can be installed directly over an existing flooring which shortens the installation period to one day\*.

### Mix & Match Installation

Creating a mixed installation with various materials, including carpet tiles, is possible due to the product's elevated thickness.

- Uneven floors require a self-leveling procedure
- Gaps and breaks in the existing flooring require filling/repairs
- Can only be installed over LVT, LVP and mineral flooring that is fixed to the subfloor
- Installation time can vary according to environment and space

One-Day Installation

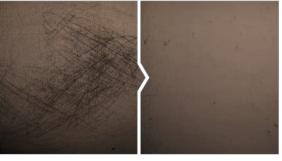

Mix & Match Installation

### STONE SHIELD (HIGH-DENSITY SURFACE COATING)

A high-density, dual coating finish containing stone particles creates an exceptional anti-scratch performance.

Tested with 320 rotations on the product with a strength of

Conventional Product (B5)

PRESTG (B1 - B2)

- B1 = No scratches B2 = Almost no scratches B3 = Moderate
- B4 = Many scratches
- B5 = Complex scratches in every direction (Tested by LX Hausys Research Center)
