VERONA 46 W.31¾" x L.20½" x D.9"

NOTE: Width and length dimensions of Lovello™ sinks are exterior measurements. Depth dimensions are interior measurements.

ELEVATE EVERY SPACE

VIATERA, inspired by life's moments and nature, redefines countertops as the canvas where beauty meets utility. More than just a high-quality engineered surface, VIATERA is an artful expression, always balancing lifestyle and utility. Our commitment to outstanding craftsmanship ensures dependability – a promise delivered consistently with precision. Like the enduring inspiration we draw from everyday life, VIATERA surfaces are not only practical but also designed to be lasting, reflecting the practicality and longevity that you desire in every space.

VIATERA BENEFITS

- Strong & Durable**
VIATERA contains up to 93% natural quartz while natural stone generally contains 20 to 60% quartz. As a result, VIATERA tends to have higher tensile strength than natural stone.
- Hygienic & Non-porous**
VIATERA is non-porous and it is safe for food preparation. VIATERA is certified by NSF (National Sanitation Foundation). When a material or a seam is porous, food particle can be trapped in the surface material, becoming a breeding ground for bacteria and contamination.
- Stain & Scratch Resistant**
Quartz is an impervious crystalline mineral that is particularly resistant to absorption. Because of this characteristic, VIATERA is extremely stain resistant.
- Easy Care & Maintenance**
Non-porous and easy to clean, VIATERA is ideal for kitchen and bath applications. Unlike other stone products, VIATERA does not require sealing.

Search for LX Hausys on NSF.org to see the listing of certified VIATERA colors.
